OLIVE OIL

Olive oil is a traditional ingredient for many people in the Mediterranean. It's been used for centuries by people who want their skin to stay soft, supple, and young. *Olive oil and skin care* have gone hand in hand for a very long time.

Whether applied to face or body, olive oil will penetrate deep into the skin and provide a long-lasting shield of moisture to keep skin smooth and supple. Used either as a night cream or daily moisturizer, it is best applied to damp skin, when water can help reduce any feeling of greasiness.
